Get all the comforts of home while you receive professional intravenous therapy

Do you have a family member who is receiving intravenous therapy in the hospital? Wouldn't it be wonderful if you could have him or her home with you? Well, now Integrity Healthcare Services, located in Paducah makes it all possible.

"Just a few short years ago no one dreamed of being able to provide these therapies at home," said general manager, Mary Ann Bell RPh, "but with the advances in technology, input from progressive physicians, and wonderful nurses, the provision of these services is not only safe but extremely effective in the medically stable patient."

Ask your doctor how your loved one can be home with you.
